

Luis Garcia, M.S.

High School Math

Luis Garcia holds both a Bachelor of Science degree in civil engineering and a Master of Science degree in finance. He is originally from Honduras and retired in 2013 after working for the United States Embassy as a facilities management engineer for 26 years.

Mr. Garcia worked as a university professor in Honduras, teaching financial management and engineering drafting. He holds an Oklahoma teaching certificate for Spanish and mathematics. Most recently, he taught high school Spanish in OSSM and Putnam City High School. Mr. Garcia is very excited to be an Algebra II and Robotics teacher at ASTEC.

Mr. Garcia and his wife Elvia have three children and live in Oklahoma City. He enjoys reading, working out, painting and gardening.
