

Mathew Haught

Latin

Mathew Haught graduated from the University of Oklahoma with a Bachelor of Arts degree in letters and a minor in Latin. He tutored his fellow students in German and Latin throughout high school and college. During this time, he realized his passion for working with languages.

Mr. Haught continued his passion for language as a research assistant on the Digital Latin Library Project for more than two years, using both German and Latin. He decided to pursue his love of language and share it with others by teaching.

Mr. Haught is the sponsor of the high school National Honor Society.
