

Sarah Hensley

7th Grade Science

Sarah Hensley began her higher education journey at Seminole State College where she obtained her Associates of Arts degree in general studies. She then attended East Central University and earned a Bachelor of Science degree in biology.

Ms. Hensley knew she wanted to teach from a very early age. In school she was that student who always helped explain the day's lesson to her classmates. Ms. Hensley's first teaching position was at Guthrie Job Corps where she taught reading for two years.

In her spare time Ms. Hensley enjoys reading, writing short stories, painting and gardening. She has three beautiful cats and one corgi dog.
